

4. Interoperability Layer

.NET

Python

Mathlink

etc...

3. C++ Mathematical Layer

e_float (real)

ef_complex (imag)

higher
functions

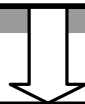

2. Uniform C++ Layer

e_float selection

numeric limits

arithmetic
functions

1. Low Level MP Layer

::e_float_base

efx::e_float

gmp::e_float

mpfr::e_float

f90::e_float

etc...

Test

etc...

test execution

test suite

test case generator

Tools

etc...

utilities
