Payment Details

Cheque enclosed ☐ (see notes below for currency information)

Please debit my Mastercard ☐ Visa ☐ the above total.

Card Number

Name on Card Expiry date

Signature Date

Note : All credit card transactions are processed in Australian Dollars based on the US / Australian dollar exchange rate on the day of processing as published by the Australia New Zealand Banking Corporation. The final amount shown on credit card statements may vary slightly due to the exchange rate used by your bank and any transaction fees imposed by your bank.

Cheques, bank drafts and money orders in any currency may be used for payment only if the currency used is the native currency of the country (or US dollars). In particular, European Union currency is not acceptable in Australia. If non-US currency is to be used, please convert the invoice total from US dollars to your local currency.

Discount only available if you **<u>purchased</u>** the same number of copies of mSQL 1.x
